PROFESSIONAL DEVELOPMENT WORKSHOP SERIES

Northwest Council for Computer Education would like to introduce you to the vast collections on the Library of Congress website (over 19 million digitized resources) and explore how you can use them to engage students in the classroom.

Two-day workshops will include information on:

- Navigating the Library of Congress website
- Searching materials and lessons
- Analyzing primary sources
- Copyright information
- Designing lessons utilizing Library of Congress materials
- Engaging and challenging students using primary source materials

OVERVIEW

This FREE two-day workshop will run from 8 am to 4 pm each day. Lunch will be provided each day of the workshop. Travel and housing are not included. Approximately four hours of pre-workshop online activities will also be required. University credit and continuing education hours will be available.
